1. This Amendment addresses a question concerning the requirements associated with the Fleet Battle Experiments (FBE) as follows:

Q: The solicitation contains numerous requirements in paragraph C.3, Tasking, for insertion of selected lessons learned produced by Fleet Battle Experiments (FBE) into the system. We have been informed that regarding the Navy Lessons Learned System (NLLS), there should be no direct link to FBEs. If this information is accurate, then shouldn't the requirements related to FBE be deleted from this solicitation?

A: Yes, you are correct that the current NLLS is not being used to collect data from FBEs. However, the technical code has determined that the FBE requirements should remain in the solicitation in the event that these requirements are resurrected at some point during the life of the resultant contract. Information regarding FBE's can be found on the Navy Warfare Development Command (NWDC) web page at the following website address:

www.nwdc.navy.mil

2. The closing date and time for this subject solicitation is **NOT** extended.
